Season's Greetings!!

The second Quarter of FY 2018-19 has come to a close and I am proud to share the developments that CIPL has made in various fields. First of all, I am delighted to announce that we have entered the state of Jharkhand by bagging a Utility shifting project in Ranchi with our new client Ashoka Buildcon Ltd. This news brings double joy as it adds a new state and a new client to our ever-growing portfolio in one shot.

Furthermore, our Tonk-Sawaimadhopur Highway Lighting project is on track for timely completion and I am pleased to see that the work done matches high

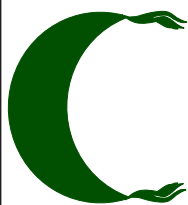

quality standards. In addition, we have also taken up the balance work of the Manoharpur-Dausa Lighting Project for our client HG Infra Engineering Ltd. I am proud of the teams who have worked day and night on this challenging project so as to get it up to speed.

We are also inching closer to securing a new lighting project in the state of Maharashtra for HG Infra and I am sure we will bag it and deliver excellent results. I wish everyone the best for the last quarter of the year and I hope the good work continues further.

Regards,
Devvrath Singh
