Together at the Helm, Steering CIPL's Next Chapter

Every strong organisation is built on more than projects and numbers — it is built on clarity of vision, strength of leadership and the collective will to move forward. At CIPL, our leadership team continues to steer the organisation with a clear focus on disciplined execution, sustainable growth, stronger systems and empowered people. As CIPL expands its presence across infrastructure, renewable energy and emerging opportunities, the responsibility of leadership becomes even greater — to anticipate what lies ahead, make bold yet considered decisions, strengthen capabilities and ensure that growth is backed by performance. Our MD, Director and CXO team bring together diverse experience and perspectives, united by one common objective: to build an organisation that is stronger, faster, more capable and ready for the future.

Message from the Director

We are proud to share that CIPL has secured three new rooftop solar projects with a combined value of approximately ₹60 crore — the JVVNL PMSGY 8.8 MW Rooftop Solar Project, BNP Dewas 3 MWp Behind-the-Meter Rooftop Solar Project, and a 400 kW Off-Grid Solar Plant Installation across 16 Border Out Posts of the Border Security Force (BSF) along the India–Pakistan border.

Despite heightened global uncertainties and intense competition in the renewable energy sector, CIPL continues to maintain a strong and steady order book, backed by our continued commitment to timely project execution and delivery. We are also actively expanding our presence in the Battery Energy Storage System (BESS) segment and look forward to new opportunities in the coming months. This progress is a reflection of the determination, motivation and commitment of our CIPLions, who continue to drive the organisation forward. As we celebrate these milestones, we also extend our warm wishes to everyone for a joyful and prosperous upcoming festive season.

Regards,

Devvrath Singh

Evolving Our Identity, Strengthening Our Vision

Our new logo marks a fresh chapter in CIPL's journey—the same values, the same commitment, now represented with a stronger and more forward-looking identity. The new design brings together the spirit of sustainability, progress and growth, with the rising sun and upward path symbolising ambition, opportunity and the road ahead. While our look has evolved, our purpose remains unchanged: to keep moving forward, creating impact and lighting the path to the nation—better, stronger and with renewed energy.

CIPL®
PATH LIGHTERS TO THE NATION

CIPL
Pathlighter to the Nation

The Meaning Behind Our New Logo:

Our new logo reflects CIPL's journey of growth, progress and renewed purpose. The leaf represents sustainability, responsibility and continuous growth; the rising path reflects our ambition, progress and journey towards excellence; and the sun symbolises energy, positivity and a brighter tomorrow. While our identity has evolved, our purpose remains unchanged—we continue to remain committed to innovation, quality and creating lasting value for our nation and all our stakeholders. As we step into this new chapter, we look forward to greater milestones ahead—Same CIPL. Stronger Together. Lighting the Future.

A highly engaging training session on Time Management and Building a Happier Workplace was lead by Mr. Naveen Yadav from Competency Enhancers. The session combined practical learning with fun and interactive activities, highlighting the importance of managing time effectively while maintaining a positive and happy work environment. One of the key activities was a team-based game that demonstrated how collaboration, coordination, and working together toward a common goal can significantly improve performance and help teams achieve success. The session was both insightful and enjoyable, leaving participants with valuable takeaways on productivity, teamwork, and workplace happiness.

PMS Excellence Awards: Celebrating CIPL's Q 1 Top Performers

At CIPL, the Performance Management System (PMS) is being implemented with greater focus to recognise performance, accountability, and consistent contribution. As part of this initiative, the top performers of Quarter 1 were recognised and awarded certificates for their outstanding performance and commitment.
Congratulations to ***Tanwar Singh Shekhawat, Narender Singh Shekhawat, Dilip Kumar Gurjar, Abdul Akram, Shambhu Kumar, Hitesh Kumar Sharma, Rajesh Beniwal, Virendra Ujjawal, Jerin John, and Subhash Chander*** on this well-deserved recognition. Their achievements reflect CIPL's commitment to building a culture where strong performance is acknowledged, appreciated, and celebrated.

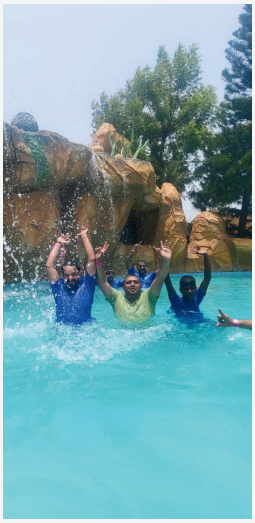

CIPL PICNIC 2026

CIPL's Annual Picnic was held on 10th July 2026 at Ananth Aravali Resort & Water Amusement Park. The beautiful venue, surrounded by the Aravalli landscape, offered the perfect mix of relaxation and adventure, with both dry and water-based activities. Team members enthusiastically enjoyed cricket, ziplining, zip cycling, rock climbing, high-rope activities, water slides, wave pool, rain dance, and other fun-filled activities, followed by delicious food. The day was filled with laughter, bonding, and memorable moments, making the annual picnic a refreshing and enjoyable experience for the entire CIPL family.

Fundoo Friday

Fundoo Friday brought a refreshing dose of fun and team spirit to CIPL, with engaging games and delicious snacks hosted by Ms. Mansi Pingoliya and Mrs. Kaushal Dadhich. The session gave everyone a chance to unwind, interact beyond their usual work routines, and enjoy some cheerful moments together. Filled with laughter, friendly competition, and good food, the activity added great energy to the workplace and made for a memorable Friday celebration.

Saturday Style gets a Refresh

As part of our efforts to bring a fresh and vibrant touch to the workplace, Current Infraprojects Limited has introduced a new lavender Saturday T-shirt for employees. The new look reflects the same CIPL spirit with a more relaxed, comfortable and contemporary feel, making Saturdays a little more casual while keeping our team identity strong. Same team, same values — with a fresh new vibe.

Stars of the Month

July: Mr. Harshit Raj

July: Mr. Pooran Lal Prajapat

August: Mr. Harklesh Swarnkar

August: Ms. Sonali Nawndher

September: Mr. Ashok Kr. Kahar

September: Mr. Manoj Sen

Celebrating the Spirit of Engineering

CIPL celebrated Engineers' Day with enthusiasm and appreciation for the engineers who play a vital role in turning ideas into reality and driving our projects forward. The occasion brought the team together to recognize their technical expertise, dedication, problem-solving spirit and contribution to the Company's growth. It was a proud moment to celebrate the people whose knowledge, commitment and innovation continue to strengthen CIPL's journey of progress.

Celebrating Skill, Craftsmanship & Progress - Vishwakarma Puja at CIPL

The team at MEC Test Lab came together to celebrate Vishwakarma Puja, seeking blessings for safe operations, technical excellence and continued progress. The occasion was a meaningful reminder of the importance of skill, craftsmanship and precision in our everyday work. With prayers for the well-being of our people, equipment and workplace, the celebration reflected our respect for the spirit of engineering and the hands that make progress possible.
